Team News! Unfortunately our teams haven't been very successful this year. Hard luck to the Intermediate Team who lost to Malahide in St. Annes and also the Senior Cup Team who went out against Milltown at Malahide G.C. Well done to the Revive Active Fourball who beat Ashbourne and are now through to the next round and will play either Sutton or The Island. Thank you to overall team Manager Sylvia Alcock and all the team managers, players and caddies for their committment.

Good Luck to the Senior Foursomes who are playing on Sunday 27th and Fingal Seniors who play Balcarrick on Monday 28th.

Spring League Matchplay Competition:

Mary Dowling introduced the idea of running a Spring League at the Ladies AGM and there was a great response and interest in the inagural Competition. It was set up to introduce new members to match play and

to encourage existing members to practice matchplay in advance of Inter Club matches. Unfortunately the inclement weather in February/March delayed play but eventually the matches were all played. More than 190 matches were played overall. 8 teams consisting of 9 players participated in categories broadly based on club handicap classes. A points system was used – 10points for a win, 5 for a half and no points for a walkover. In circumstances where players were unavailable to play in the 3rd round a substitute was drawn for the losing teams in the relevant categories. The first round comprised of 8 teams playing two round resulting with the 4 teams with the best points going forward to the next round. Namely Daffodils (90 pts). Tulips (85 pts). Primroses (105 pts.) and Crocuses (85 pts.). These teams played one another and the result was Daffodils (135 pts), Tulips (120 pts.) Primroses (150pts.) and Crocuses (140 pts.) it was a close final coming down to the last two matches , the Primroses winning with 200 pts.) and Crocuses runners up with 180. Thank you all for your support and patience and hopefully the Spring League will become an annual competition now that a prototype has been developed.
